Schedule notes

1. Minor home occupation. No mandatory City fee applies when the business's combined offsite impact does not materially exceed the impact of the primary residential use alone. The listed amounts are voluntary administrative fees for an exempt owner who requests a City license.
2. Major home occupation. The listed fees apply only after an objective, documented determination that the business's combined offsite impact materially exceeds the impact of the primary residential use alone.
3. Long-term rental. The fee is per owner and regulatory license, not per dwelling. The City does not charge a fee to inspect a long-term rental dwelling.
4. Third-party services. Business-license fees do not include inspection or permit fees separately imposed by Weber Fire District or another authorized governmental entity. If an inspection or third-party service is required, the applicant is responsible for paying the applicable fee directly to that entity, except where state law prohibits the charge.
